If you require more specific information about each step please email:

- Upload a passport-quality photograph to your account that has been taken within the last 6 months. No hats or glasses (even if you wear glasses daily). This same photo may be used for your Witness Testimonies.
- Upload a good-quality thumbprint scan to your account. Make sure it is in an upright (north/south) position.

How do I get an electronic photo of my thumbprint for the LRO?

The best way I have found is to get a red ink pad and press your right thumb into the pad and make sure you get a good amount of ink on it. Then take a sheet of printer paper and roll your thumb over the paper several times leaving some space so you can crop any one of the best images later.

Once you have several prints on a page and you think one of them is good enough to use, place the page on a scanner and scan it into a .pdf file. With that .pdf file open press the print screen “prt sc” button on your keyboard (some keyboards may require the shift key too) and now you have that image on the clipboard. Open Microsoft Paint and paste by right-clicking on the image area and clicking paste.

In Microsoft Paint click the select button and drag a box around the best thumbprint. Make sure the box is only big enough to capture the whole print. In the header click crop, you should have only one photo of your thumbprint. Click save and name it. This will be the file you upload for your thumbprint.

Process and Document

Instructions 2 of 4

- Here are the documents you requested. There are instructions in each document. Please read and follow the instructions carefully. **The RS is not responsible for the correctness of your documents.** Take your time and be accurate with all your information as these will be your published recorded documents. Be knowledgeable of the content and who it is being sent to and why. In doing this you are educating yourself and self-governing. Make a copy of all the document files before you start editing them. Save these documents in a different location on your computer in case you make a mistake. Do Not share these documents with others. We need to collect each and every person's information prior to this process.

Edit Documents

- Make a copy of all of the document files prior to editing them and save to a separate location
- Do not share your documents with anyone else
- Keep files in Word format. Failure to do so will result in the RS rejecting your documents.
- Each Word document that you have received has its own set of instructions to aid with completion. Please read and follow the instructions carefully. The RS is not responsible for the accuracy of your documents. Take your time and be factual with all of your information as these will end up being your published documents. For questions regarding the meaning/reasoning for each document (*only use documents that are supplied to you by your RS*). Please learn about the process, steps and paperwork here: (*Keep in mind these are not done by The Illinois Assembly and some steps may be different than what is mentioned here. Contact your RS with questions.*)

Proofreading Service Requested

- Email the RS all the edited documents at the same time, along with a copy of your birth certificate, certificate of live birth, or naturalization proof. Keep the edited copy in **red** for easy proofreading. The RS will convert to black when returning your documents. **If the edited copy is not red for easy proofreading, the RS will reject your documents.**

- The subject of your email should read, ***Proofreading Services Needed – Your full name***
- Each document should be its own individual attachment. Failure to send as their own individual attachment will result in the RS rejecting your documents.
- The RS may make small edits to documents or send them back to you if there is a lot of editing to be done.
- Wait for the documents to be approved by your RS. The documents will be returned to you as PDF files.

We appreciate your patience during this process. Once proofreading has been completed by your RS you will receive an email that states “Ready To Execute Documents**”.**

Instructions 3 of 4

Ready To Execute Documents

- Your documents have been emailed back in PDF format. Once you receive your documents. Please check the documents for accuracy.
- Execute your documents (aka Witnessing/Recording/Notarizing)
 - When you autograph/sign a document in front of an official witness, you are executing the document. The one watching you execute the document is witnessing you autographing/signing these documents. They are not there to inspect the documents.
 - For a State of State Notary witnessing is called Notarizing. Notaries might have a fee per page that is notarized. Be prepared for this expense.
- Print all of your documents as well as the *How To Execute Documents* to ensure you autograph/sign each document correctly in front of the notary.
- Apply red thumbprint/seal to each executed document. The thumbprint/seal must touch the end of each autograph. Make sure the thumbprint is in an upright (north/south) position. **This part does not have to be done in front of the Notary.**
- Scan and Email the PDF documents as separate attachments back to your RS. Failure to send as individual attachments will result in rejection from the RS.
- Documents scanned using a phone scanning app such as Cam Scanner or Scanner Pro are not acceptable and will be rejected. These documents are going to be published and must be readable. If you do not have a scanner. Go to a print store or your local library to have them scanned to PDF's. You can usually have them scanned to a personal thumb drive device.
- Email the PDF Documents to your RS
 - The subject of your email should read, **Publishing Service Needed – Your full name**
 - Your documents will be reviewed one last time for accuracy on the autographing/signing and notarizing.
- Mail wet ink autographed originals of the following documents below to the Illinois Assembly so an official embossed seal can be applied to each of these documents after they have been notarized.
 - Declaration of Political Status and Repudiation

documents. Please complete the address you would like them to be returned to on the label. Fold the pre-paid Priority Mail envelope in half to fit it into the envelope you are mailing your documents in. **Do not fold any of the documents you are placing in the envelope.**
